

EVA SOLUTIONS LLC

READINESS • RESPONSE • RECOVERY

SBA-Certified Service-Disabled Veteran-Owned Small Business | Veteran-Led | CMMC Level 1 | ISO 9001:2015-Aligned QMS

MISSION

Deliver disciplined, reality-based services that prepare, protect, and restore mission-critical operations. EVA Solutions LLC integrates tactical training, cybersecurity, information technology, leadership development, and mission support — before, during, and after conditions degrade.

CAPABILITY OVERVIEW

EVA Solutions LLC serves the Department of Defense, federal agencies, state and local government, law enforcement, and prime contractors across the full arc of a requirement — preparing personnel before a crisis, responding during it, and restoring operations after. Delivery is standards-driven, veteran-led, and built to operate when conditions are degraded.

DA01	IT Application Development Support		

FOUNDER & LEADERSHIP

An operational background formed where planning, discipline, and execution under pressure were not optional. Founder and CEO Jonathan Harrison served across:

- **75th Ranger Regiment** — combat-seasoned direct-action infantry operations in complex theaters.
- **Central Intelligence Agency** — covert operations and intelligence community operational support.
- **JSOC — Task Force Omega** — Pentagon-JSOC-CIA multi-element operations at the highest level of national capability.
- **Counter-Terrorism & Instruction** — CT operational environments, combatives, and tactical instruction across programs.

DIFFERENTIATORS

- **Similarly situated entity** under 13 CFR 125.6 — subcontracted performance on SDVOSB set-asides counts toward the prime's limitations-on-subcontracting compliance.
- **Sole-source eligible** as certified SDVOSB up to \$4.5M for services (FAR 19.1406) — competition-free award pathway available.
- **CMMC Level 1 posted** to DoD SPRS (UID S100065882) — clean status supports DFARS 252.204-7012 covered contractor teaming.
- **Vets First eligible** at the VA — VOSB certification triggers first-consideration set-aside and sole-source pathways under 38 U.S.C. §8127.
- **Integrated methodology** — tactical training, cyber, IT, mission support, and response executed under one QMS with one accountable POC.
